A Family's Guide to Registration

Register your daughter NOW for the 2014-15 school year (Oct. 1 - Sept. 30)!

What's New? Register your daughter, other family members, and even yourself, online by activating a **Family Manager Account!**

What's So Special about That? By activating a family account, you can update information throughout the year, print out membership cards, access the system 24/7 and receive e-mail confirmations in real time. You can also make a gift to Family Partnership.

Where/How Do I Start (Beginning April 28)?

- STEP 1: Ask your daughter's leader for her 5-digit troop number:
(Write here for reference) _____
- STEP 2: Grab your credit card and go to www.girlscoutsgcnwi.org/register
- STEP 3: Click on the "Membership" button (FAQs available)
- STEP 4: Click "New Online Account" to activate the account, then follow the steps to register your daughter, yourself and other family members
- STEP 5: Click "shopping cart" to pay for your entire family at once
- STEP 6: Check with your daughter's leader for any additional troop paperwork, including permission slips and health histories

Register between Monday, April 28 – Friday, June 27, 2014, and your daughter(s) will receive our early registration patch! All annual adults who register and lifetime adults who activate their account by June 27 receive a 10% off coupon for our shop.

Note: If your daughter wishes to be placed into a new troop, placement is not guaranteed through online registration. Also, unless you have lifetime adult membership status, Girl Scout membership is renewed annually.
